

RECRUITMENT

75% DRIVER – MAMMOTH

EASTERN SIERRA TRANSIT 75% DRIVER – MAMMOTH LAKES

Positions available at the 75% employment category, which equates to between 1,460 and 1,820 hours per year. The position will be required to work all shifts including Town routes, MMSA routes and Reds Meadow. The positions will be required to work between 35 and 40 hours per week during the peak operating season (approximately July 1 through Labor Day, and approximately December 7 through April 20). These positions will be scheduled for reduced weekly hours during the shoulder season periods in order to attain 1,460 to 1,820 annual hours. It is expected that the positions would be scheduled for very few if any hours during the slowest seasons (day after Labor Day to approximately November 15, and day after Memorial Day to approximately June 15). The positions will all be based from ESTA's Mammoth Lakes facility.
