Request for Qualifications for Architectural and Engineering Services for
The Eastern Sierra Transit Authority
Transit Operations Facility Project

Objectives and Scope of Services

The Eastern Sierra Transit Authority (ESTA) is seeking proposals for Architectural and Engineering services for a Transit Operations Facility Project. The project involves the design and engineering of a construction project that includes a 2,500 sq. ft. transit operations building, grading, paved parking lot, utilities, water runoff, septic, maintenance container electricity, and landscaping.

Background Information:

ESTA's operations in the Bishop region are currently based out of ESTA's existing transit facility, which is located at the Eastern Sierra Regional Airport at 703 Airport Road in the Industrial Zone in Bishop (37.221311° N, 118.215923° W). The planned Transit Operations Facility is located on the southern side of the middle airport access road, east of the current bus parking area. The Transit Operations Facility site consists of approximately 24,120 square feet. The area is currently disturbed undeveloped land and sits adjacent to the bus yard.

ESTA has been approved for FTA 5339 grant funds to design and engineer, as well as construct improvements at the Bishop Transit Operations Facility Project.

Scope of Services

The scope defines ESTA's requirements for delivering services for the final design, architectural and engineering, and construction bid documents of the proposed ESTA Bus Operations Facility and providing the necessary services to bring the project to fruition. The proposed scope itemizes the various tasks and subtasks to develop a level of detail on each task that shall lead to providing a functional facility.

The scope of services comprises two major tasks, discussed on the following pages:

Final Plan, Specifications, and Contract Bid Documents

- Task 1: Final Plan and Specifications
- Task 2: Construction Bid Documents

TASK 1: FINAL PLAN and SPECIFICATIONS

The preliminary draft plans shall be further developed and the Design Team shall identify appropriate design criteria, costs and existing conditions that shall affect the design and construction of the facility. A preliminary drawing for the building has been prepared and is included in Exhibit G. The drawing describes the building floor plan. A site survey will be conducted. The Design Team shall generate final building and site plans identifying the building and site improvement issues. A cost estimate based on the final plan design shall be part of the overall final plan submittal to ESTA.

1.1 Conceptual design review

The Design team will review the preliminary drawing prepared by Inyo County staff (Exhibit G). Any adjustments required to the draft plans will be discussed with ESTA staff before integrating into the final plans.

1.2 Field Topo/Utility Survey of Selected Site

A surveyor shall be contracted by the Design Team to provide current topographic surveys of the proposed site based on the most current USGS data. Additional survey information that shall be required by the project shall be identified by the Design Team and shall be gathered by whatever additional survey efforts are necessary. Utility locations (*including internet*) are to be identified, as well as any restrictions that may be attached to the proposed site. As part of the overall effort, the Design Team is to study existing site conditions to identify possible site issues that may affect locations of new structures. The Design Team shall verify (or perform) measurements on the survey and provide documentation to the Project Manager. Consideration of future fleet electrification should be taken into consideration, not for this current project planning or implementation, but for future projects. Future fleet electrification will require trenching and access to existing utilities.

1.3 Final Plans

The final plans shall provide sufficient detail to be able to show the building in relation to other physical features on the site. The plans shall have sufficient detail to provide information on the recommended location and sizes of:

- offices,
- hallways,
- conference rooms,
- server room(s),
- fare counting room,
- employee break areas,
- restrooms,
- general storage rooms,
- vehicle parking/storage,
- utility areas,
- public access

- dispatch areas,

1.4 Cost Estimates and Milestone Schedule

The Design Team shall provide cost estimates to quantify the future construction costs, and project milestones.

1.5 Final Plan Submittal

The final subtask shall be to prepare the final plan package for ESTA review and approval. Three copies of the final plan and one copy in electronic format shall be delivered to ESTA for distribution. ESTA shall receive a drawing package, and a cost estimate for the facility.

1.6 ESTA Review

ESTA will review the final plan submittal from the Design Team and provide comments for incorporation into the final documents prior to authorizing future tasks.

TASK 1 DELIVERABLES:

- Site survey
- Final building and site plans
- Cost Estimate and Milestone Schedule

TASK 2: CONSTRUCTION BID DOCUMENTS

Task 2 shall include the completion of all construction specifications and plan in conformance with the previously approved final plans that shall permit construction contractors to bid competitively.

1.1 Contract Documents

Contract bid documents shall provide complete descriptions of work involving the architectural, civil, structural, mechanical, electrical, special systems, landscaping components and all other drawings noted in the design development task of the proposed improvements. The documents shall describe, locate and dimension, as well as give the physical properties, workmanship requirements, performance characteristics and other pertinent information relating to each component. Any required construction methodology and sequencing as well as special provisions due to phasing requirements shall be described.

The design disciplines are described below:

- Site, civil and utility design: Work under this discipline completes the development of site geometry, the preparation of contract drawings for

access points as they interface within the master plan of the area, site grading, pavement design, utilities, septic tank and leech field, drainage, fencing, maintenance container electricity, and connections to existing utilities. The site drawings shall present placement of curbs, driveways, street improvements, fencing, gates and other security and safety features.

- Landscape design: The materials that shall be selected to landscape the perimeter of the site shall be chosen to ease the visual impact of the hard surfaces of the facility and present a pleasing appearance. Careful consideration to water conservation and natural foliage is expected.
- Electrical engineering: Electrical design work shall include finalization of power, communication, and lighting requirements and design of an efficient electrical distribution system for the new building. A detailed lighting plan shall be provided that depicts lighting type, areas of illumination and light intensity. Also provide a plan for providing electricity to the two maintenance containers.
- Specifications: A set of construction specifications, together with the standard bidding and contract documents, general conditions and special provisions shall be prepared.

1.2 Construction Cost Estimates and Schedule

A complete construction estimate shall be prepared and submitted to ESTA for each scheduled submission in conjunction with the writing of the contract specifications. Each cost estimate shall contain an itemized list of materials and methods used on the project, along with the associated unit and installation costs. The estimates shall be based upon standard bid items and formats and shall be used as a standard against which all bids shall be evaluated. A detailed construction schedule, in critical path format, shall be developed and provided to ESTA to assist in controlling the construction schedule and budget.

1.3 Permitting and Review

The Design Team shall review the design with ESTA and other agencies having jurisdiction over the necessary permits for the project. The design shall also be reviewed with suppliers of utility services to develop the construction documents and permit requirements. The Design Team consultant shall coordinate and furnish documentation required for approvals, permits, utility service and connections, and the relocation of existing utilities and other facilities. Following receipt of comments from the various reviewing agencies, the Design Team shall make all necessary revisions to the documents to receive permit approvals and acquire the permits before construction begins.

1.4 ESTA Review

ESTA will review the contract bid documents submittal from the Design Team and provide comments for incorporation into the final documents prior to authorizing that the project be let for bidding.

TASK 2 DELIVERABLES:

- Drawings
- Specifications
- Cost estimate
- Project schedule

Assumptions:

This is a simple one-story office building and it is assumed that the cost of designing and engineering the project will not exceed the cost of building it. Here are some additional assumptions:

- A Storm Water Pollution Prevention Program will not be required because the area of impact is under 1 acre
- No utility relocation will be required

Project Timetable:

Consultant's percentage of fault shall be determined, as applicable, by a court of law, jury or arbitrator. In the event any loss, liability or damage is incurred by way of settlement or resolution without a court, jury or arbitrator having made a determination of the Consultant's percentage of fault, the parties agree to mediation with a third party neutral to determine the Consultant's proportionate percentage of fault for purposes of determining the amount of indemnity and defense cost reimbursement owed to the Agency.

(b) For All Other Liabilities

Notwithstanding the foregoing and without diminishing any rights of Agency under Section 9.A, for any liability, claim, demand, allegation against Agency arising out of, related to, or pertaining to any negligent act or omission of Consultant, but which is not a design professional service, Consultant shall defend, indemnify, and hold harmless Agency, its officials and employees ("Indemnified Parties") from and against any and all damages, costs, expenses (including reasonable attorney fees and expert witness fees), judgments, settlements, and/or arbitration awards, whether for personal or bodily injury, property damage, or economic injury, to the extent,

but only to the extent, that the claims are the result of any negligent acts or omissions by the Consultant under this Agreement, excluding however, personal or bodily injury, property damage, or economic injury arising out of the rendering or failure to render any professional services by the Consultant (which is covered by Section 9.A above).

Consultant shall not incur or have the power to incur any debt, obligation, or liability whatever against Agency, or bind Agency in any manner.

(b) No employee benefits shall be available to Consultant in connection with the performance of this Agreement. Except for the fees paid to Consultant as provided in the Agreement, Agency shall not pay salaries, wages, or other compensation to Consultant for performing services hereunder for Agency. Agency shall not be liable for compensation or indemnification to Consultant for injury or sickness arising out of performing services hereunder.

12. LEGAL RESPONSIBILITIES

The Consultant shall keep itself informed of State and Federal laws and regulations which in any manner affect those employed by it or in any way affect the performance of its service pursuant to this Agreement. The Consultant shall at all times observe and endeavor to comply with all such laws and regulations, including, but not limited to, EXHIBIT B, Third party Federal Clauses, and EXHIBIT D, Disadvantaged Business Enterprises attached. The Agency, and its officers and employees, shall not be liable at law or in equity occasioned by failure of the Consultant to comply with this Section.

Response to a subpoena or court order shall not be considered "voluntary" provided Consultant gives Agency notice of such court order or subpoena.

(b) Consultant shall promptly notify Agency should Consultant, its officers, employees, agents, or subconsultants be served with any summons, complaint, subpoena, notice of deposition, request for documents, interrogatories, request for admissions, or other discovery request, court order, or subpoena from any person or party regarding this Agreement and the work performed thereunder. In an effort to resolve any conflicts that arise during the design or construction of the project or following the completion of the project, the Agency and Consultant agree that all disputes between them arising out of or relating to this Agreement shall be submitted to nonbinding mediation as a prerequisite to any litigation, unless the parties mutually agree otherwise.

20. ENTIRE AGREEMENT

This Agreement contains the entire understanding between the parties relating to the obligations of the parties described in this Agreement. All prior or contemporaneous agreements, understandings, representations, and statements, oral or written, are merged into this Agreement and shall be of no further force or effect. Each party is entering into this Agreement based solely upon the representations set forth herein and upon each party's own independent investigation of any and all facts such party deems material.

21. WORK SCHEDULED/TIME OF COMPLETION

Agency and Consultant agree that time is of the essence in this Agreement. Agency and Consultant further agree that Consultant's failure to perform on or at the times set forth in this Agreement will damage and injure Agency, but the extent of such damage and injury is difficult or speculative to ascertain. Notwithstanding the foregoing, Agency agrees that the Consultant is not responsible for damages arising directly or indirectly from any delays for causes beyond the Consultant's control. For purposes of this Agreement, such causes include, but are not limited to, strikes or other labor disputes; severe weather disruptions or other natural disasters; fires, riots, war or other emergencies or acts of God; pandemics; failure of any government agency to act in timely manner; failure of performance by the Agency or the Agency's contractors or consultants; or discovery of any hazardous substances or differing site conditions.

22. LIMITATION OF LIABILITY

In recognition of the relative risks and benefits of the Project to both the Agency and Consultant relating to Consultant's provision of services in accordance with this Agreement, the risks have been allocated such that the Agency agrees, to the fullest extent permitted by law, to limit the liability of Consultant to the Agency for any and all claims, losses, costs, damages of any nature whatsoever

or claims expenses from any cause or causes, including attorneys' fees and costs and expert-witness fees and costs, so that the total aggregate liability of Consultant to the Agency shall not exceed the sum of Consultant's available insurance coverage at the time of settlement or judgment regardless of theories of liability or causes of action asserted against Consultant except for acts of willful misconduct or unless otherwise prohibited by law.

The Consultant and Agency waive consequential damages for claims, disputes or other matters in question arising out of or relating to this Agreement. This mutual waiver is applicable, without limitation, to all consequential damages due to either party's termination in accordance with the Termination section of this Agreement.

23. COST ESTIMATES

Agency acknowledges that the review and comments and/or any opinions expressed by Consultant represent Consultant's best judgment as professionals generally familiar with the construction industry. However, Consultant has no control over costs or the price of labor, equipment or materials, or over the contractor's method of pricing. Therefore, Consultant makes no warranty or representation, expressed or implied, as to the accuracy of such comments or opinions as compared to bid or actual costs, and/or that all items are included.

24. DESIGN WITHOUT CONSTRUCTION PHASE SERVICES

It is understood and agreed that the Consultant's Scope of Services under this Agreement does not include project observation or review of the Contractor's performance or any other construction phase services, and that such services will be provided for by the Agency. The Agency assumes all responsibility for interpretation of the Contract Documents and for construction observation and the Agency waives any claims against the Consultant that may be in any way connected thereto.

In addition, the Agency agrees, to the fullest extent permitted by law, to indemnify and hold harmless the Consultant, its officers, directors, employees and subconsultants (collectively, Consultant) against all damages, liabilities or costs, including reasonable attorneys' fees and defense costs, arising out of or in any way connected with the performance of such services by other persons or entities and from any and all claims arising from modifications, clarifications, interpretations, adjustments or changes made to the Contract Documents to reflect changed field or other conditions, except for claims arising from the sole negligence or willful misconduct of the Consultant.

If the Client requests in writing that the Consultant provide any specific construction phase services, and if the Consultant agrees in writing to provide such services, then they shall be compensated for as Additional Services.

25. CONTENTS OF REQUEST FOR QUALIFICATIONS AND PROPOSAL

Consultant is bound by the contents of Agency's Request for Qualifications, issued [date], and the contents of the proposal submitted by the Consultant, dated [date]. In the event of conflict, the requirements of Agency's Request for Qualifications and this Agreement shall take precedence over those contained in the Consultant's proposals.

26. AUTHORITY TO EXECUTE THIS AGREEMENT; SOLE CORPORATE REMEDY

The person or persons executing this Agreement on behalf of Consultant represents that he/she has the authority to execute this Agreement on behalf of the Consultant and has the authority to bind Consultant to the performance of its obligations hereunder.

It is intended by the parties to this Agreement that the Consultant's services in connection with the Project shall not subject the Consultant's individual employees, officers or directors to any personal legal exposure for the risks associated with this Project. Therefore, and notwithstanding anything to the contrary contained herein, the Agency agrees that as the Agency's sole and exclusive remedy, any claim, demand or suit shall be directed and/or asserted only against the Consultant and not against any of the Consultant's individual employees, officers or directors.

Without limiting Consultant's indemnification of Agency, and prior to commencement of Work, Consultant shall obtain, provide and maintain at its own expense during the term of this Agreement, policies of insurance of the type and amounts described below and, in a form, satisfactory to Agency.

General liability insurance. Consultant shall maintain commercial general liability insurance with coverage at least as broad as Insurance Services Office form CG 00 01, in an amount not less than \$1,000,000 per occurrence, \$2,000,000 general aggregate, for bodily injury, personal injury, and property damage. The policy must include contractual liability that has not been amended. Any endorsement restricting standard ISO "insured contract" language will not be accepted.

Professional liability (errors & omissions) insurance. Consultant shall maintain professional liability insurance that covers the Services to be performed in connection with this Agreement, in the minimum amount of \$1,000,000 per claim and in the aggregate. Any policy inception date, continuity date, or retroactive date must be before the effective date of this Agreement and Consultant agrees to maintain continuous coverage through a period no less than three (3) years after completion of the services required by this Agreement.

Workers' compensation insurance. Consultant shall maintain Workers' Compensation Insurance (Statutory Limits) and Employer's Liability Insurance (with limits of at least \$1,000,000).

Other provisions or requirements

Proof of insurance. Consultant shall provide certificates of insurance to Agency as evidence of the insurance coverage required herein, along with a waiver of subrogation endorsement for workers' compensation. Insurance certificates and endorsements must be approved by Agency's Risk Manager prior to commencement of performance. Current certification of insurance shall be kept on file with Agency at all times during the term of this contract. Agency reserves the right to require complete, certified copies of all required insurance policies, at any time. Policies may be redacted to protect confidential information.

Duration of coverage. Consultant shall procure and maintain for the duration of the contract insurance against claims for injuries to persons or damages to property, which may arise from or in connection with the performance of the Work hereunder by Consultant, his agents, representatives, employees or subconsultants.

Primary/noncontributing. Except as to the professional liability policy, coverage provided by Consultant shall be primary and any insurance or self-insurance procured or maintained by Agency shall not be required to contribute with it. The limits of insurance required herein may be satisfied by a combination of primary and umbrella or excess insurance. Any umbrella or excess insurance shall contain or be endorsed to contain a provision that such coverage shall also apply on a primary and non-contributory basis for the benefit of Agency before the Agency's own insurance or self-insurance shall be called upon to protect it as a named insured.

Agency's rights of enforcement. In the event any policy of insurance required under this Agreement does not comply with these specifications or is canceled and not replaced, Agency has the right but not the duty to obtain the insurance it deems necessary and any premium paid by Agency will be promptly reimbursed by Consultant or Agency will withhold amounts sufficient to pay premium from Consultant payments. In the alternative, Agency may cancel this Agreement.

Acceptable insurers. All insurance policies shall be issued by an insurance company currently authorized by the Insurance Commissioner to transact business of insurance or is on the List of Approved Surplus Line Insurers in the State of California, with an assigned policyholders' Rating of A- (or higher) and Financial Size Category Class VI (or larger) in accordance with the latest edition of Best's Key Rating Guide, unless otherwise approved by the Agency's Risk Manager.

Waiver of subrogation. All insurance coverage maintained or procured pursuant to this agreement shall be endorsed to waive subrogation against Agency, its elected or appointed officers, agents, officials, employees and volunteers or shall specifically allow Consultant or others providing insurance evidence in compliance with these specifications to waive their right of recovery prior to a loss. Consultant hereby waives its own right of recovery against Agency, and shall require similar written express waivers and insurance clauses from each of its subconsultants.

Enforcement of contract provisions (non estoppel). Consultant acknowledges and agrees that any actual or alleged failure on the part of the Agency to inform Consultant of non-compliance with any requirement imposes no additional obligations on the Agency nor does it waive any rights hereunder.

Requirements not limiting. Requirements of specific coverage features or limits contained in this Section are not intended as a limitation on coverage, limits or other requirements, or a waiver of any coverage normally provided by any insurance. Specific reference to a given coverage feature is for purposes of clarification only as it pertains to a given issue and is not intended by any party or insured to be all inclusive, or to the exclusion of other coverage, or a waiver of any type. If the Consultant maintains higher limits than the minimums shown above, the Agency requires and shall be entitled to coverage for the higher limits maintained by the Consultant. Any available insurance proceeds in excess of the specified minimum limits of insurance and coverage shall be available to the Agency.

Notice of cancellation. Consultant agrees to oblige its insurance agent or broker and insurers to provide to Agency with a thirty (30) day notice of cancellation (except for nonpayment for which a ten (10) day notice is required).

Additional insured status. General liability policies shall provide or be endorsed to provide that Agency and its officers, officials, and employees shall be additional insureds under such policies. This provision shall also apply to any excess/umbrella liability policies, but shall not apply to any professional liability policies.

Prohibition of undisclosed coverage limitations. None of the coverages required herein will be in compliance with these requirements if they include any limiting endorsement of any kind that has not been first submitted to Agency and approved of in writing.

Separation of insureds. A severability of interests provision must apply for all additional insureds ensuring that Consultant's insurance shall apply separately to each insured against whom claim is made or suit is brought, except with respect to the insurer's limits of liability. The policy(ies) shall not contain any cross-liability exclusions.

Pass through clause. Consultant agrees to ensure that its subconsultants, subcontractors, and any other party involved with the project who is brought onto or involved in the project by Consultant, provide the same minimum insurance coverage and endorsements required of Consultant. Consultant agrees to monitor and review all such coverage and assumes all responsibility for ensuring that such coverage is provided in conformity with the requirements of this section. Consultant agrees that upon request, all agreements with consultants, subcontractors, and others engaged in the project will be submitted to Agency for review.

Agency's right to revise specifications. The Agency reserves the right at any time during the term of the contract to change the amounts and types of insurance required by giving the Consultant ninety (90) days advance written notice of such change. If such change results in substantial additional cost to the Consultant, the Agency and Consultant may renegotiate Consultant's compensation.

Self-insured retentions. Any self-insured retentions must be declared to and approved by Agency. Agency reserves the right to require that self-insured retentions be eliminated, lowered, or replaced by a deductible. Self-insurance will not be considered to comply with these specifications unless approved by Agency.

Timely notice of claims. Consultant shall give Agency prompt and timely notice of claims made or suits instituted that arise out of or result from Consultant's performance under this AGREEMENT, and that involve or may involve coverage under any of the required liability policies.

Additional insurance. Consultant shall also procure and maintain, at its own cost and expense, any additional kinds of insurance, which in its own judgment may be necessary for its proper protection and prosecution of the work.

EXHIBIT D

NOTICE TO BIDDERS/PROPOSERS DISADVANTAGED BUSINESS ENTERPRISE (DBE) PROGRAM AND DBE PARTICIPATION GOAL

The Department of Transportation (Caltrans) has set an overall annual DBE goal comprising of both race neutral and race conscious elements to be in compliance with Title 49, Code of Federal Regulations, Part 26 (49 CFR 26). This regulation requires that all recipients of United States Department of Transportation (USDOT), Federal Transit Administration (FTA) federal-aid shall establish an overall annual Disadvantaged Business Enterprises (DBE) goal. Caltrans is required to report to FTA the DBE participation for all federal-aid contracts each year so that the overall annual DBE goal attainment efforts may be evaluated. Caltrans encourages DBE participation in the performance of agreements financed in whole or in part with federal funds.

Bidders and proposers are advised that Caltrans has established a federally mandated overall annual DBE goal comprising both race neutral and race conscious elements to ensure equal participation of DBE groups specified in 49 CFR 26.5. In compliance with 49 CFR 26, Caltrans set a contract goal for DBEs participating in this solicitation expressed as a percentage of the total dollar value of the resultant agreement.

The DBE participation goal for this solicitation is 0.0 percent (0.0%).

To ensure applicable participation of the specified DBEs as defined in 49 CFR 26.5, this solicitation's goal applies to the following certified DBE groups: African Americans, Asian-Pacific Americans, Hispanic Americans, Native Americans, Subcontinent Asian Americans, or Women. Only DBE participation will count toward the contract goal for this solicitation.

The attached Kform15drmt, Disadvantaged Business Enterprise (DBE) Information and Instructions for Bidders must be included with the solicitation. The subsequent forms **must** be submitted with the bid, cost proposal, price and/or rate schedule by the bid due date and time as indicated in the solicitation:

- **ADM-0227f: Disadvantaged Business Enterprise (DBE) Information Participation, and/or**
- **ADM-0312f: Bidder/Proposer Disadvantaged Business Enterprise (DBE) Good Faith Efforts Documentation**

Failure to complete and submit the required DBE information and forms, will be grounds for finding the bidder/proposer non-responsive and cause for rejection of the bid/proposal (also refer to the solicitation, Special Programs).

New Requirement effective February 28, 2011: The bidder/proposer awarded the Agreement shall complete and submit [ADM-3069, Disadvantaged Business Enterprises Utilization Report](#) with each invoice as required in the Proposed form of Agreement's Exhibit D, Budget Detail and Payment Provisions, and Special Terms and Conditions.

It is the policy of the State of California, Department of Transportation (Caltrans), that Disadvantaged Business Enterprises (DBEs), as defined in 49 CFR 26, be encouraged to participate in the performance of Agreements financed in whole or in part with federal funds. The Bidder should ensure that DBE firms have an opportunity to participate in the performance of this solicitation and shall take all necessary and reasonable steps for this assurance. The bidder shall not

discriminate on the basis of race, color, national origin, or sex in the award and performance of subcontracts.

Terms as used in this document:

It is the bidder's responsibility to make work available to DBEs and select portions of work, services, or materiel needed from the Scope of Work. The required work, services and/or materiel must be relevant to the DBEs work codes to meet the contract goal for DBE participation in this solicitation or provide information to establish, that prior to bidding, the bidder made an adequate Good Faith Effort (GFE) to meet the goal.

To be eligible for award of the Agreement, the bidder shall demonstrate that the contract goal for DBE participation was met or that, prior to bidding, an adequate GFE to meet the goal was made. Preliminary determination of goal attainment or GFE by the bidder will be by the Awarding Agency. Final determination of goal attainment or GFE by the bidder will be at Caltrans' discretion.

Bidder is cautioned that even though its submittal indicates it will meet the stated DBE goal, its submittal should also include its GFE documentation along with DBE goal information to protect its eligibility for award of the Agreement in the event Awarding Agency, in its review, finds that the goal has not been met.

It is the bidder's responsibility to verify DBE certifications.

SUBMISSION OF DBE INFORMATION AND PARTICIPATION

In order to be considered a responsible and responsive bidder, the bidder must meet the contract goal and/or make a GFE to meet the contract goal for DBE participation as established for this Agreement (refer to Section III, DBE Certification Requirements, Section 4). Bidder shall submit the attached form(s).

- ADM-0227f, Disadvantaged Business Enterprise (DBE) Information

DBE CERTIFICATION REQUIREMENTS

It is the bidder's responsibility to be fully informed regarding the requirements of 49 CFR 26 and Caltrans' DBE Program developed pursuant to the regulations. Particular attention is directed to the following:

1. A DBE must be a small business firm defined pursuant to Section 3 of the Federal Small Business Act **and** certified through the California Unified Certification Program (CUCP). A DBE firm is a DBE certified through CUCP. In accordance with 49 CFR 26, the DBE must be certified by bid opening

date of the Invitation for Bid (IFB), the Request for Proposal (RFP), or the Architectural and Engineering (A&E) Request for Quotations (RFQ), before credit may be considered toward meeting the DBE goal. It is the bidder's (prime contractor's) responsibility to verify that DBEs are certified by accessing the CUCP database.

2. The CUCP database includes DBEs certified from all certifying agencies participating in the CUCP. If a firm is certified that cannot be located on the database, please contact the Caltrans Office of Certification toll free number 1-866-810-6346 for assistance.
3. Access the CUCP database from the Department of Transportation, Office of Business and Economic Opportunity (OBEO) web site at: <http://www.dot.ca.gov/hq/bep/>.
 - Click on the blue DBE Search Click Here button
 - Click on Click To Access DBE Query Form
 - Searches can be performed by one or more criteria
 - Follow instructions on the screen (read about NAICS definitions below)
 - "Start Search", is located at the bottom of the query form,
 - "Civil Rights Home" (OBEO), "Caltrans Home", and "Instructions/Tutorial" links are located on top of the query page.

Resources to Obtain a List of Certified DBEs for Caltrans Solicitations

Contractors bidding on Caltrans solicitations with a contract goal for DBE participation may contact the DBE supportive services consultant or obtain lists of certified DBEs from the CUCP database referenced above.

NAICS Work Codes and Work Descriptions

The North American Industry Classification System (NAICS) work codes are used to identify the type of work performed by DBEs. You will need to have the NAICS work code numbers before querying. The United States (US) Census Bureau has developed cross-references from Standard Industrial Classification (SIC) codes to the NAICS codes. Please visit the US Census Bureau web site for more information concerning work areas related to NAICS 237310 Highway, Street, and Bridge Construction, at the following location: <http://www.census.gov/epcd/naics02/def/ND237310.HTM>.

How to Obtain a Quarterly List of Certified DBEs without Internet Access

If you do not have Internet access, Caltrans also publishes a quarterly directory of certified DBE firms extracted from the on-line database. A copy of the quarterly directory of certified DBEs may be ordered from the Caltrans' Division of Procurement and Contracts/Materiel and Distribution Branch/Publication Unit by calling (916) 263-0822.

4. In order to be considered a responsible and responsive bidder, the bidder must meet the contract goal and/or make a Good Faith Effort to meet the contract goal for DBE participation established for the Agreement. The bidder can meet this requirement in one of two ways:
 - a. Meet the contract goal and document commitments for participation by DBE firms.
 - b. If the contract goal is not met or is partially met, the bidder must document an adequate GFE.
5. A bidder (**prime contractor**), **who is not a certified DBE**, will be required to document one or a combination of the following:
 - a. The bidder will meet the contract goal for DBE participation through work performed by DBE subcontractors, suppliers, or trucking companies.
 - b. Prior to bidding, the bidder made an adequate GFE to meet the contract goal for DBE participation.

6. A certified DBE may participate as a prime contractor, subcontractor, joint venture partner, as a vendor of material or supplies, or as a trucking company.
7. A certified DBE bidder not bidding as a joint venture with a non-DBE, is required to document one or more of the following:
 - a. The DBE bidder will meet the goal by performing work with its own forces.
 - b. The bidder will meet the contract goal for DBE participation through work performed by DBE subcontractors, suppliers, or trucking companies.
 - c. Prior to bidding, the bidder made adequate GFEs to meet the contract goal for DBE participation.
8. A DBE joint venture partner must be responsible for specific Agreement items of work, or portions thereof. Responsibility means actually performing, managing, and supervising the work with its own forces.
9. The DBE joint venture partner must share in the capital contributions, control, management, risks and profits of the joint venture. The DBE joint venture must attach and submit the joint venture agreement with the ADM 0227F as instructed on page 2 of the form.
10. A DBE must perform a Commercially Useful Function (CUF), pursuant to 49 CFR 26, i.e., must be responsible for the execution of a distinct element of the work and must carry out its responsibility by actually performing, managing, and supervising the work involved. To perform a CUF, the DBE must also be responsible for materiel and supplies to be used on the Agreement for negotiating price, determining quality, and quantity, installing (where applicable), and paying for the material itself.
11. The bidder (prime contractor) shall list only one subcontractor for each portion of work as defined in its bid/proposal and all DBE subcontractors must be listed in the bid/cost proposal list of subcontractors.
12. Any dollar amount of work, service or supplies proposed for DBE participation can be counted only once. That is, any further subcontracting or spending for DBE work, service or supplies already credited once for DBE participation cannot be counted again.
13. A prime contractor who is a certified DBE is eligible to claim all of the work in the Agreement toward the goal except that portion of the work to be performed by non-DBE subcontractors.
14. If the bidder performs and documents an adequate GFE to meet the goal, the award cannot be denied on the basis that the bidder failed to meet the goal.

CREDIT: MATERIEL – SUPPLIES – TRUCKING COMPANIES

A. CREDIT FOR MATERIEL OR SUPPLIES PURCHASED FROM DBEs WILL BE AS FOLLOWS:

1. If the materiel or supplies are obtained from a DBE manufacturer, 100 percent of the cost of the materiel or supplies will count toward the DBE goal.
2. A DBE manufacturer is a firm that operates or maintains a factory or establishment that produces, on the premises, the materiel, supplies, articles, or equipment required under the Agreement and of the general character described by the Agreement.
3. If the materiel or supplies are purchased from a DBE regular dealer, 60 percent of the cost of the materiel or supplies will count toward the DBE goal.
4. A DBE regular dealer is a firm that owns, operates or maintains a store, warehouse or other establishment in which the materiel, supplies, articles or equipment of the general character described by the specifications and required under the Agreement are bought, kept in stock and regularly sold or leased to the public in the usual course of business.
5. To be a DBE regular dealer, the firm must be an established, regular business that engages, as its principal business and under its own name, in the purchase and sale or lease of

the products in question. A person may be a DBE regular dealer in such bulk items as petroleum products, steel, cement, gravel, stone or asphalt without owning, operating or maintaining a place of business as provided in this paragraph if the person both owns and operates distribution equipment for the products.

6. Any supplementing of regular dealers' own distribution equipment shall be a long-term lease Agreement and not on an ad-hoc or Agreement by Agreement basis.

7. Packagers, brokers, manufacturers' representatives, or other persons who arrange or expedite transactions are not DBE regular dealers within the meaning of this paragraph.

8. Credit for materiel or supplies purchased from a DBE which is neither a manufacturer nor a regular dealer will be limited to the entire amount of fees or commission charged for assistance in the procurement of the materiel and supplies or fees or transportation charges for the delivery of materiel or supplies required on a job site, provided the fees are reasonable and not excessive as compared with similar fees charged for services. The cost of materiel or supplies is not counted toward the DBE goal in this instance.

B. CREDIT FOR DBE TRUCKING COMPANIES WILL BE AS FOLLOWS:

1. The DBE must manage and supervise the entire trucking operation for which it is responsible on a particular Agreement and there cannot be a contrived arrangement for the purpose of meeting the DBE goal.

2. The DBE must itself own and operate at least one fully licensed, insured, and operational truck used on the Agreement.

3. The DBE will receive credit for the total value of the transportation services it provides on the Agreement using trucks it owns, insures, and operates using drivers it employs.

4. The DBE may lease trucks from another DBE firm, including an owner-operator who is certified as a DBE. The DBE who leases trucks from another DBE receives credit for the total value of the transportation services the lessee DBE provides on the Agreement.

5. The DBE may also lease trucks from a non-DBE firm, including an owner-operator. The DBE who leases trucks from a non-DBE is entitled to credit only for the fee or commission it receives as a result of the lease arrangement. The DBE does not receive credit for the total value of the transportation services provided by the lessee, since these services are not provided by a DBE.

6. A lease must indicate that the DBE has exclusive use and control over the truck. This does not preclude the leased truck from being used by others during the term of the lease with the consent of the DBE, as long as the lease gives the DBE absolute priority for use of the leased truck.

7. Leased trucks must display the name and identification number of the DBE.

USE AND/OR TERMINATION OF PROPOSED DBEs

If awarded the Agreement, the successful bidder must use the DBE subcontractor(s) and or supplier(s) proposed in its bid/proposal.

The Contractor may not substitute, add or terminate a subcontractor, supplier or, if applicable, a trucking company, listed in the original bid/proposal without the prior written approval by the Awarding Agency Contract Manager and concurred by Caltrans and only as allowable as specified in the Agreement. This includes work that a prime contractor can perform with its own forces, or with a non-DBE firm, or another DBE firm.

Prior to the termination request, the prime contractor **must** notify the DBE, in writing, of the intent to terminate allowing for five days of response time in opposition of the rejection.

The prime contractor must have good cause in which to terminate the DBE firm. A good cause includes:

1. The DBE fails or refused to execute a written contract.
2. The DBE fails or refuses to perform the work consistent with normal industry standards.
3. The DBE fails or refuses to meet the prime contractor's nondiscriminatory bond requirements.
4. The DBE becomes bankrupt or has credit unworthiness.
5. The DBE is ineligible to work because of suspension and debarment.
6. It has been determined that the DBE is not a responsible contractor.
7. The DBE voluntarily withdraws, with written notification, from the contract.
8. The DBE is ineligible to receive credit for the type of work required.
9. The DBE owner dies or becomes disabled resulting in the inability to perform the work on the contract.
10. Or other documented compelling reason.

The Contractor must make an adequate GFE to find another certified DBE subcontractor to substitute for the original DBE. The GFE shall be directed at finding another DBE to perform at least the same amount of work under the Agreement as the DBE that was substituted or terminated to the extent needed to meet the established contract goal for DBE participation.

The requirement that DBEs must be certified by the bid opening date does not apply to DBE substitutions after award of the Agreement. Substitutions of DBEs after award must be certified at the time of the substitution or addition.

AWARD

Award of the Agreement will be in accordance with the respective solicitation.

The bidder awarded the Agreement shall be responsible for implementing the applicable requirements of 49 CFR 26 in performance of the Agreement.

The bidder awarded the Agreement shall complete and submit ADM-3069, Disadvantaged Business Enterprises Utilization Report with each invoice.
